

Lists

HTML Ordered Lists

An ordered list starts with the **** tag, and each list item is defined by the **** tag.

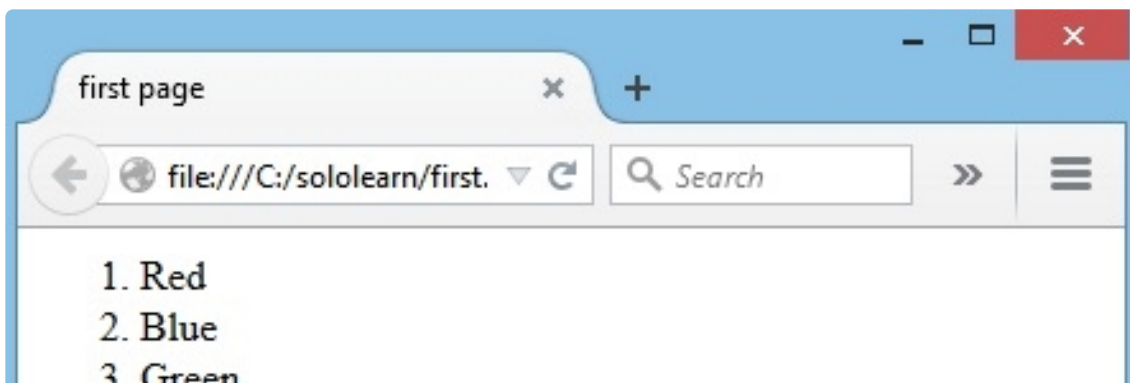

Here is an example of an **ordered list**:

```
<html>
  <head>
    <title>first page</title>
  </head>
  <body>
    <ol>
      <li>Red</li>
      <li>Blue</li>
      <li>Green</li>
    </ol>
  </body>
</html>
```
