Result:

The screenshot shows a web browser window with a single tab titled 'first page'. The address bar displays 'file:///C:/sololearn/first'. The page content consists of a form with two input fields. The first field is labeled 'username' and contains the text 'username'. The second field is labeled 'password' and contains ten dots, indicating a masked password. The browser window has a blue title bar and standard navigation buttons (back, forward, search, etc.).

The name attribute specifies a name for a form.
